With V-TEK's new **TS-100** Tape Splicer, having the correct number of parts on a reel has never been easier. Whether you are kitting for your assembly process or just combining partial reels, the **TS-100** provides a reliable solution for splicing 8-24 mm tape, all in one machine.

In keeping with V-TEK tradition, the **TS-100** is easy to use, safe and simple. Weighing less than 8 pounds and taking up less than one square foot of work station space, the TS-100 is a versatile tool.

FEATURES:

- Portable, lightweight and easy to use
- Universal splice tape for 8-24 mm carrier and cover tape
- Splices EIA Standard embossed and paper carrier tape
- Low maintenance, no power required
- Stable work station
- Splices tape between and through sprocket holes
- Includes 100 pieces of splicing tape
- Dimensions: height 2" (5 cm) width 10" (26 cm) depth 8" (20 cm)
Weight: 50 lbs (22.7 kg)
